### **Definition of black and white photography (monochrome)**

A black and white work ranging from the very dark grey (black) to the very clear grey (white) is a monochrome work with various shades of grey.

A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category; such work may be reproduced in black and white in the catalogue of a salon under FIAP Patronage.

On the other hand a black and white work modified by a partial toning or by addition of one colour becomes a colour work (polychrome) and pertain to the colour category; such work requires colour reproduction in the catalogue of a salon under FIAP Patronage.
