**PURPOSE OF COMPETITION:**

a) Human beings always needed and believed to a power to trust and felt themselves in confidence under that power. During the centuries, fire, water, sun, mountains, totems gave to people a spiritual support. Today, communities are still looking for trust under different believings. We want to see different and colorful views of these differences.

We are waiting most fascinating images according to the Mevlana Jalal-ud-Din Rumi's principles which suggest not to see beauty but to see loveliness and his thought about loveliness can take with soul, love and faith.

In the sentence of big philosopher Mevlana, which he told the tolerate,

***"Come, come again, whoever you are, come!  
Heathen, fire worshipper or idolatrous, come!  
Come even if you broke your penitence a hundred times,  
Ours is the portal of hope, come as you are."***

In 2010 year, we want to collect different traditions of all believings in the world with all details; temples, churches, mosques, totems, religious symbols, patterns, religious ceremonies, religious festivals, traditions, praying forms, religious vows, religion men, prayings, religious musics, dances... Everything belong to religion...

b) At the second section "Tombstones / Gravestones", the tombs and especially tombstones represent the human sensations about the life and place of after death belonging to which faith.

One of the holy things in all beliefs is tombstones. To produce something make people valuable. We hope your attendance with your photos about work, effort and production which consist new feelings and ideas. We are waiting for your photos which are product of your heart and your spirit.
